

# The Disraeli School and Children Centre

Week beginning 14th September 2009

Autumn 2009

Dear Parents,

We are totally committed to all our children being happy and feeling safe and secure. All of these factors are essential so that they are ready to learn. "Small things" can disrupt the smooth running of a classroom/school such as a child uncomfortable with head lice or other children seeing head lice on a peer.

We know all of our parents are very pro-active in treating head lice but as you already know as we all do this at different times it is a constant battle. After taking advice we will be doing a head lice check monthly throughout the school on a Friday afternoon. Staff will then contact parents and ask for children to be treated over the weekend. We are hoping this will mean that children will not be constantly re-infected.

We are aware this is a National issue but hopefully this small act will make a difference. Please do not hesitate to contact me if you wish to discuss this further.

## Letters Sent Home This Week
